

# IRS-Qualified Medical Expenses

You can use your Health Savings Account (HSA) to pay for a wide range of IRS-qualified medical expenses for yourself, your spouse or tax dependents. An IRS-qualified medical expense is defined as an expense that pays for healthcare services, equipment, or medications. Funds used to pay for IRS-qualified medical expenses are always tax-free.

HSA funds can be used to reimburse yourself for past medical expenses if the expense was incurred after your HSA was established. While you do not need to submit any receipts to HSA Bank, it is a good idea to save your bills and receipts for tax purposes.
